Mold Dairy Sale - Monday 1st December 2025

Quieter with entries this week with 9 forward – all fresh – 6 heifers and 3 cows

Although there were less buyers present than we have seen in recent weeks, entries still met a respectable trade and given the milk price outlook, it could be argued prices are very good, no doubt helped by the price of calves and barren cows

Top price was £2,500 for a homebred pedigree heifer from Huw Jones Wigfair – out of sizzler bloodline, she was sold fresh calved and giving 29L.

Huw Roberts Oakmount sold the next two highest priced - £2480 for a 2nd calver, which was fresh and giving 30Kg. A heifer of his made £2,400 – again fresh and giving 26Kg.

Gwil Lloyd had another cracking heifer selling for £2,380.

Finally the ongoing dispersal from Emyr Wilkinson ranged from £2,300 for a BF heifer, two x HF 3rd calvers coming in at £2,200 & £2,050 and a smaller heifer making £2,000

Overall, just one below £2,000 (made £1900) with an overall average of £2,245!
