Mold Dairy Sale~ Monday 27<sup>th</sup> April 2026

A total of 12 dairy animals were forward this week, comprising 11 freshly calved heifers and 1 fresh cow.

Although the ring was relatively quiet, those buyers in attendance were keen to secure stock, resulting in a strong overall trade.

The sale peaked at £2,880 for an outstanding heifer from Osian Jones Hendy, Caernarfon – “Hendy Ryder Rhiannon Red.” Having calved three weeks prior, she was yielding 29 litres. She came from a strong pedigree, with her dam classified VG86, producing 61 tonnes of milk across five lactations and currently in-calf with her sixth.

Osian also sold another quality heifer at £2,750 – “Hendy Raiton Pretzel,” calved three weeks and yielding 31 litres. Her dam had produced over 1,000kg of combined fat and protein across her last two lactations.

Next to sell was Robin Whittingham of Mill Farm, Huxley, who presented three impressive homebred heifers. The top from this group made £2,650 for a heifer sired by Mecca P, calved two weeks and yielding 26 litres. The remaining heifers sold well at £2,420 and £2,300.

Dafydd Jones, Llys Dinmael, once again brought forward his usual run of quality heifers, with his best achieving £2,520. Purchased originally as a calf from Davies Moor Farm, she was sold four weeks calved and producing 26 litres. Others from this consignment reached £2,380.

Overall, a fantastic trade was achieved across the board, reflecting strong demand for quality dairy stock.
